In the Heart of Berlin

Where the pulse of urban life merges with a calm, secluded space, our backyard is removed from the hustle of everyday life.

Thanks to our central location in the Hackescher Markt, we are only 2 S-Bahn stops from central station, Berlin Hauptbahnhof. Additional subway and tram connections a few short steps from our door.

In the warmer months, our courtyard terrace is especially inviting for lounging and relaxing during a day of site seeing, shopping, or taking a break during our event DATA SPACE meetings.

SAP DATA Space

It is a place for innovative minds to meet, network and run events, focusing on digitalization and digital transformation.

Data Space offers various spaces on the overall surface area of more than 400 sqm and has a capacity for up to 300 participants.

We offer many flexible set ups.

Our spaces are perfect to combine digital and physical guests in one meeting - we excel at hybrid meetings.

ABOUT US

We handle our food as passionately as we like to care for our guests.

We cook with local and organic ingredients whenever possible to offer the best from every season, in every season. We are proud to work closely together with the farmers and producers to present you with the freshest and most crisp flavours nature has to offer.

We are at your service whether a coffee, lunch, brunch, or dinners and of course the occasional bar night

We offer our guests a full range of food and beverage solution

Whether a classic buffet , flying buffet, seated dinner or lunch or BBQ on the terrace, everything is possible
